- a) ☒ Regional Planning Grant
b) ☐ Interregional Planning Grant

Q1. PROPOSAL DESCRIPTION

Provide a brief abstract of the Proposal. Please note if the Proposal will facilitate or support the participation of DAC's in the IRWM planning effort.

The proposed project is the update of the San Francisco Bay Area Integrated Regional Water Management (IRWM) Plan, which was adopted in December 2006. The project involves updating the IRWM Plan to be consistent with Proposition 84 IRWM Plan Standards. As part of the Plan update, the planning horizon of the existing Plan will be updated; all sections in the Plan will be reviewed and updated to incorporate the Plan Standards stated in the Guidelines. The region description will be updated with current regional data/information, including development of new regional maps. Measurable Plan objectives will be developed based on updated regional priorities, conflicts and challenges, guidance from Program Preferences and Statewide Priorities listed in the Guidelines, and the overarching goals in other planning efforts such as the Basin Plan objectives, 20x20x20 water efficiency goals, and requirements of CWC??10540(C). The range of Resource Management Strategies selected for the updated Plan will be documented. The updated Plan will describe the project review process and project review criteria designed to meet current Plan standards. A screening-level of impacts and benefits associated with Plan implementation will be included. The Plan update will describe performance measures and monitoring methods to ensure the objectives of the Plan are met. The RWMG will review current technical analyses, studies and data developed by regional stakeholders for inclusion into the Plan update and identify data gaps. The Bay Area IRWMP website will be updated to include a dynamic project information management database. The updated Plan will include a review of available financing resources for identified projects, programs, and Plan implementation. Linkages between local water management and land use planning will be established through SFEP/ABAG outreach workshops on Low Impact Design (LID). Stakeholder outreach will be conducted throughout the Plan update process, and include conducting meetings for stakeholders to learn about the process of the Plan update, solicit new projects, and provide information on project funding; conducting localized outreach through the sub-regions to identify and increase involvement of locally-based organizations and community groups; and outreach to DACs through SFEP workshops and coordinating with non-profit organizations to assist with DAC outreach. The Plan update will include a new section on Climate Change which will evaluate the impacts of Climate Change on the Bay Area region, identify vulnerabilities, and describe policies and procedures that promote adaptive management and mitigation of GHG emissions during development of projects. The salt and nutrient management plan to be developed for the Sonoma Valley Groundwater sub-basin will facilitate stakeholder/institutional integration through the collaborative development process, and will contribute to the integration of resources through

sharing of information with other Bay Area agencies and incorporation of project outcomes into the updated Plan. The proposed project will facilitate and support the participation of DACs in the planning effort through the following ways: 1) Quarterly workshops to be conducted by SFEP will include outreach to DACs, 2) Conduct focused outreach to DACs through coordination with local non-profit organizations that will help the RWMG improve identification of DACs and their water supply/quality needs, develop appropriate informational outreach materials, conduct community town hall meetings, expand project solicitation efforts to DACs, and provide assistance to DACs with project development for the IRWM Plan, and 3) facilitate outreach through sub-regions to better identify the location of DACs and Native American tribal communities.

Q2. PROJECT DIRECTOR

Provide the name and details (including email) of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.

Paul Helliker General Manager Marin Municipal Water District (MMWD) 220 Nellen Avenue, Corte Madera, CA 94925-1169 Email: phelliker@marinwater.org

Q3. PROJECT MANAGEMENT

Provide the name and contact information (including email) of the Project Manager from the applicant agency or organization that will be the day-to-day contact on this application.

Thomasin Grim Grant Program Coordinator Marin Municipal Water District 220 Nellen Avenue, Corte Madera, CA 94925-1169 Email: tgrim@marinwater.org

Q4. APPLICANT INFORMATION

Provide the agency name, address, city, state, and zip code of the applicant submitting the application.

Marin Municipal Water District (MMWD) 220 Nellen Avenue Corte Madera, CA 94925-1169

Q5. ADDITIONAL INFORMATION

Based on the region's location, what are the applicable DWR regions (Northern, North Central, South Central, and/or Southern)? The following link can be used to view each DWR region office boundaries:

http://www.water.ca.gov/groundwater/groundwater_basics/gw_contacts_info.cfm

- a) ☐ Northern Region
 b) ☒ North Central Region
 c) ☐ South Central Region
 d) ☐ Southern Region

Q6. ADDITIONAL INFORMATION

List the name of the Regional Water Quality Control Board (RWQCB) in which your project is located. For a region that extends beyond more than one RWQCB boundary, list the name of each Board.

http://www.waterboards.ca.gov/waterboards_map.shtml

San Francisco Bay Regional Water Quality Control Board (Region 2)

Q7. ELIGIBILITY

Does the application represent a single application from an IRWM Planning region approved in the RAP (see section II, Table 1 of the Planning PSP)?

Yes

If yes, include the name of the IRWM Planning region. If no, explain.

San Francisco Bay Area IRWM Planning region

Q8. ELIGIBILITY

Is the applicant a local agency or non-profit organization as described in Appendix B of the Guidelines?

Yes

If no, please explain.

Q9. ELIGIBILITY

List the urban water suppliers that will receive funding from the proposed grant. Those listed must submit self certification of compliance with California Water Code (CWC) §525 *et seq.* and Assembly Bill (AB) 1420 (see Attachment 6 of the Planning Grant PSP). If there are no urban water suppliers, so indicate.

Marin Municipal Water District

Q10. ELIGIBILITY

Have all of the urban water suppliers, listed in Q9 above, submitted complete 2005 Urban Water Management Plans (UWMP) to DWR? Have those plans been verified as complete by DWR? If not, explain. Will all of the urban water suppliers listed in Q9, along with any additional urban water suppliers that meet the urban water supplier definition threshold for the first time, submit updated 2010 UWMPs, consistent with the 2010 UWMP Guidebook and verified as complete by DWR, before the execution of a grant agreement? If not, explain.

Yes, MMWD has submitted a complete 2005 Urban Water Management Plan (UWMP) to DWR. MMWD's UWMP has been verified as complete by DWR. Based on the assumed schedule of execution of grant agreement in February 2011, MMWD will not be able to submit an updated 2010 UWMP,

consistent with the 2010 UWMP Guidebook and verified as complete by DWR before the execution of a grant agreement. MMWD is in the process of updating its 2005 UWMP and a draft of the updated 2010 UWMP is planned for release for review in Spring 2011 and for completion by June 2011.

Q11. ADOPTION DATE

Identify the adoption date or anticipated adoption date of the IRWM Plan.

1/1/2013

Q12. COMPLETENESS CHECK

Have all of the fields in the application been completed?

Yes

If no, please explain.
